ADVANTAGES COMPARED TO PAINT & TAPE

- Reduces maintenance costs and downtown associated with painting and taping
- Walkways and signs always look perfect despite floor condition or equipment traffic
- Flexible and easily customizable
- Modern, eco-friendly technology
- Enhanced safety & OSHA compliance
- Signs can be triggered when danger is near

IDEAL FOR USE IN

- Rugged/cold/hot/humid conditions
- High traffic/risk areas
- Low-light environments
- Locations where paint and tape are impractical

EASY INSTALLATION

- No need for specially-trained techs

VIRTUAL SIGNS

VIRTUAL WALKWAYS

VIRTUAL LINES

Our industrial strength projectors are designed to be maintenance-free even in the most rigorous environments. Without any moving parts, there is nothing to break.

ECO SPOT PCE SERIES

The listed projection sizes and distances are based on bright industrial environments.

ECO Spot C20PCE Sign Projector

Ultra- Compact Design

- Power: 20W LED
- Projection Size: up to 3ft.
- Projection Distance: up to 16ft.
- IP65 Rated
- Typical Use: smaller wall signage, i.e. First Aid, Eye Wash Station

ECO Spot C40PCE Sign Projector

Compact Design

- Power: 40W LED
- Projection Size: up to 4ft.
- Projection Distance: up to 32ft.
- IP65 Rated
- Typical Use: smaller floor signage, i.e. Stop-Look-Point, Yield

ECO Spot C60PCE Sign Projector

- Power: 60W LED
- Projection Size: up to 6ft.
- Projection Distance: up to 40ft.
- UL/cUL Certified, IP65
- Typical Use: medium size floor signage, i.e. STOP, Forklift Caution

ECO Pattern Wayfinding Projector

- Power: 150W LED
- Projection Size: up to 12ft.
- Projection Distance: up to 48ft.
- UL/cUL Certified, IP65
- Use: moving directional arrow

ECO Spot B90PCE Sign Projector

- Power: 90W LED
- Projection Size: up to 9ft.
- Projection Distance: up to 40ft.
- UL/cUL Certified, IP65
- Typical Use: medium-large floor signage, i.e. STOP Bars, STOP Signs

ECO Spot B150PCE Sign Projector

- Power: 150W LED
- Projection Size: up to 12ft.
- Projection Distance: up to 48ft.
- UL/cUL Certified, IP65
- Typical Use: large floor signage, i.e. intersections, 4-Way STOP, small walkways

ECO Spot B300PCE Sign Projector

- Power: 300W LED
- Projection Size: up to 14ft.
- Projection Distance: up to 54ft.
- UL/cUL Certified, IP65
- Typical Use: large floor signage, i.e. walkways, larger marked areas

ECO LINES SERIES

The listed projection sizes and distances are based on bright industrial environments.

ECO Lines EL-80 Line Projector

- Power: 80W LED
- Line Length: up to 36ft.
- Line Width: 4 to 6in.
- Adjustable line length option
- Colors: yellow, green, red, blue

NOW AVAILABLE

ECO Lines EL-80-RGY

- Multi-colored

ECO Lines EL-150 Line Projector

- Power: 150W LED
- Line Length: up to 48ft.
- Line Width: 4 to 6in.
- Adjustable line length option
- Colors: yellow, green, red, blue

ECO Lines EL-150-RGY

- Multi-colored

ECO Lines EL-150-F

- Focusable

Control Systems

(for all projectors but C20PCE)

- Control module for On/Off/ Dim/Blink functionality with motion sensor or AUX input
- Motion sensors for occupancy
- Motion sensors for vehicle/ pedestrian and directional detection
- Cables, adapters, mounting hardware
